

THE BEST
SCHOOL
EVER!

Cummersdale School
Improvement Plan
By the pupils

Cummersdale School Improvement Plan by the pupils

This is how we would like to see our school improve in the future.....

PUPILS – what we can do to make our school better.

We'd like it if everyone listened more and all the pupils were nice to each other.

More school trips and the chance to go on 'class walks'.

Invite more visitors into our school.

ENVIRONMENT – the improvements we think would make our school nicer.

We'd like brighter colours around the school.

Put some superheroes on the walls.

Improve the toilets and put mirrors up.

Have more flowers around the school.

STANDARDS – what will help us do better?

More equipment in school – we'd especially like more computers and other technology like a Wii.

More science lessons.

More P.E.

More art .

More clubs after school.

More things to play on in the playground.

**This plan was put together by the children of Cummersdale School in July 2012.
Each class held discussions with the head teacher about what would make our
school nicer and help us all do better.**
